Brick Visual is specialized in architectural visualizations with the focus on creating narrative and atmospheric environments, thus going beyond mere representation. This way our visualizations not only highlight the potential of each architectural project, but also transmit their character in a truly engaging way.

We have delivered more than 400 projects in 11 countries around the world – Norway, Canada, USA, Germany, Austria, Switzerland, Sweden, UAE, Australia, Hungary, Ukraine –

Our visualizations tell stories with a touch of magnificence, spectacle and tension.
“Brick Visual has added an extra dimension to our marketing program that has enabled us to communicate our vision for a space to tenants and investors in a novel, high quality format. Brick Visual’s attention to detail, professionalism and communication made them easy to work with and the end product was nothing short of impressive!”

Kevin Hoo
Vice President of Savanna Real Estate
Our visualizations stand out thanks to the synergic creative process we apply in our daily work.
“Not only did they provide us with the striking visualization pieces that we are currently using across all of our marketing platforms, but their seamless service and attentive communication has made the entire relationship smooth and enjoyable.”
